Tal Rimoni
Full Stack Software Engineer
Boston-MA, 857-233-6663, trimoni8@gmail.com, github.com/trimoni, linkedin.com/in/talrimoni/

I am a software engineer with a BA in Public Relations with a strong gift in communication, leadership and creativity that applies not just to the real world, but today's evolving tech industry. How I access challenges provides abundant insight to the problems that lay in wake. My sympathetic nature helps band together a healthy, working environment. I translate everything to simple and precise code.
